There was still snow on the ground and ice on the lakes, but the winter weather didn't stop the Canadian White Water Kayaking team from holding its Easter training camp at the Minden White Water Preserve on the weekend. Twenty paddlers from Ontario, Quebec and B.C. provincial teams trained at the two day session in preparation for the National Championships May 9 and 10 at the Minden Preserve.

Minden offers museum site

The Municipality of Anson, Hindon and Minden has offered to donate a site to the Kawana International Museum as a satellite location for the troubled institution.

The announcement was made yesterday by municipal officials to Stuart Brandon, vice-chairman of the newly-formed Haliburton County Citizens' Committee for the Kawana Canoe Museum. The exact location of the site has not been released, although Brandon says it is in Minden village, adjacent to sewer and water services.

museum in place.

Brandon formed the committee along with museum director Jack MacGregor and Times publisher Jack Brezina to act as a support group for the museum. "What we want first and foremost is to keep the museum in Haliburton County and give it the exposure it needs," Brandon said in a telephone interview Tuesday. "The committee will act as an entity through which help from all sources can be channelled," he said.

There is some concern that

An idea worth supporting

See page 4

The move by Minden council comes as a response to letters sent by the committee efforts to keep the museum in the county. Stanhope municipal council recently passed a motion of support for the museum and intends to send letters to provincial and federal governments appealing for assistance to keep the

a provincial government feasibility study, due to be released May 10, may suggest that the world-wide collection of water craft be moved out of the county altogether. Museum creator Kirk Wipper has been looking for a satellite location for the museum since last year, when concerns about fire protection and accessibility at the present site were raised. The collection includes over 700 pieces.

Museum founder Kirk Wipper, who has been lobbying service clubs and councils in the county for support for the museum wants at least part of the collection to remain at the original site, adjacent to Camp Kandalore in Stanhope Township. He has said earlier this year that speculation the museum will be taken out of the county is "simply not true". He also said the satellite site would be intended to provide easier access for tourists and students as well as better protection for the museum specimens, many of which are the only ones of their kind in the world.

The citizens' committee has received several letters of support from concerned groups in the county, and Brandon says the next move will be to send them with a covering letter to the Ministries of Tourism and Culture and Recreation, the two ministries overseeing the feasibility study, to indicate the county's support for the museum before the report is released.

Dysart OMB appeal worries Stanhope councillors

With an appeal by Dysart municipality threatening to redistribute municipal contributions to the county budget, Stanhope municipal council has moved to have its lawyer present at any Ontario Municipal Board Hearings on county apportionment.

Stanhope councillors expressed concern at an April 7 meeting, that if Dysart's appeal to the OMB is successful, it will mean an increase in Stanhope's share of the county budget. Councillors have also suggested that Dysart's apportionment has been consistently low because of property assessment practices in the municipality.

Dysart, meanwhile, is facing a 1.44% increase in its apportionment, which will cost the municipality \$26,000 in its contribution to the county budget. The municipality launched the appeal following the release of the 1982 county budget in March. Representatives from both Dysart and Snowdon voted against the budget because of

what they felt were unfair apportionment.

Dysart's chief complaint to the OMB is a confusion in property assessments that has left the municipality's exact tax base uncertain. Revised assessments were brought in throughout the province last year under Section 86 of the Assessment Act. The change resulted in wide-spread appeals from property owners unhappy with revised assessments.

Municipal clerk-treasurer Wayne Wood, told The Times that there are currently 60 appeals before the assessment review court from property owners in the municipality. In a single appeal granted to the Haliburton Forest and Wildlife Reserve last year, Dysart was ordered to refund \$36,000 in taxes, and the Ministry of Revenue has since changed the Reserve's assessment a second time, a move which the owners have again appealed. "I've got \$100,000 worth of taxes up in the air because of appeals, and

I don't know what is going to happen to them right now," Wood commented. Dysart is asking the province for assistance with its apportionment until all assessment appeals have been finalized.

Acting Stanhope Reeve Elgin Stouffer feels Dysart's apportionment is still not what it should be. He told Stanhope council at the April 7 meeting "Even with this

increased apportionment, Dysart is still not paying enough. We should be pushing to have them pay more."

Stouffer told council that property in Dysart has been continually under-assessed and that the municipality's apportionment has remained low as a result. Stanhope's county contribution has dropped 0.39% from last

year's figure, and councillors agreed at the meeting that the 1982 apportionment was "just and equitable."

The OMB must consider Dysart's appeal before June 30 of this year unless Dysart withdraws it before the time. Wood said the municipality will likely withdraw its appeal if the province agrees to subsidize Dysart's apportionment.

Charges follow chase

A 38 year old man of no fixed address is facing six charges after a high speed chase Saturday which ended with his car upside down in a ditch.

George Darlison was northbound on Highway 35 south of Dorset Saturday night when OPP constable Jim Martin attempted to stop him for speeding. The driver refused to pull over and eluded police for nine kilometres before he lost control of his 1968 Oldsmo-

bile on a corner and rolled into the ditch.

Darlison was not injured in the crash which caused \$2,000 damage to his car, but he now faces charges of obstructing a peace officer, dangerous driving, impaired driving, driving with over .08 mgs. blood alcohol, driving while his licence was under suspension and failing to stop for police.

Darlison appeared in court Tuesday and was remanded for trial at a later date.

Car rolls

Two men were slightly injured Friday night when their car rolled after they had swerved to avoid hitting an animal on County Road 2 in Lutterworth.

Greg Mitchell, 21, and Mark Mitchell, 20, both of Downsview, were both shaken up in the crash, which caused an estimated \$3,000 damage to the 1981 Toyota.

Constable Jim Solway investigated the incident.

Dogs take toll of area deer herds--six killed this spring

After the sixth known deer killing by domestic dogs this winter, MNR officials are calling on dog owners to keep their animals tied in an effort to protect weakened herds.

Fish and Wildlife technician Dennis Brule discovered the remains of a deer killed by dogs on Kushog Lake Friday morning, while making a trip out to deer yards to leave feed for a herd. Six deer have been killed so far this winter and three dogs destroyed, and Brule, who heads the Ministry's deer feeding program, says more deer will die unless owners respond to their plea to keep animals tied.

"This is a critical time of year for deer herds," Brule said while biologists examined the carcass of the yearling doe Friday at the MNR's Minden office. "Deer are heavy with fawn this time of year and they can't take a lot of running," he said. "It's been a hard winter with the heavy snowfall, and because of the crust that has formed on snow, dogs can get up on the crust and run them down; the deer don't stand a chance." Biologists found almost no fat reserves on the fawn, which means they are weak after winter foraging in deep snow.

Brule also says that deer yards, areas where herds spend the winter, are breaking up and deer are wandering further in search of food. "We're finding deer further and further from the yards now," he said, "and as a result they're running up against dogs more frequently."

Brule found Friday's kill on lake ice after being attracted by ravens. Conservation officer Pete Lattner says that deer are particularly susceptible on lake ice, where they are moving in search of water and shoreline feed at this time of year. "Once a deer gets out on the lake, its hooves won't carry it well on the slick ice surface. Dogs can bring them down very easily."

Lattner describes a dog kill as a very cruel encounter: "Dogs won't actually kill a deer once they've got it; more often they'll just go after a foreleg until they bring it down and then tear at its hind end." The result, he says, is that a deer may take hours to die once the dogs have finished with it.

Both Lattner and Brule make a point of warning that even the most docile of domestic animals could be a deer killer. "It doesn't take a big hound to go after deer," Lattner warns. "Even the cute family terrier could be out there running deer. He comes in for a good meal and a warm sleep, and he's ready to go at it again the next day," says Lattner.

According to Brule the six known kills are probably only

MNR Conservation Officer Pete Lattner examines the carcass of a deer killed on Kushog Lake Friday. It is one of six kills which has come to the ministry's attention.

a small portion of the total number that have occurred this year. During the March break Brule says his office received two reports of dogs running deer in one night, and before they could investigate in the morning they had received two more. "We've had at least twenty complaints this winter," he says. "Last week we had another kill at North Pigeon Lake and there are probably a lot more we just don't know about."

Three dog owners have been charged under the Fish and Wildlife Act so far this year in connection with deer killings. Owners face a maximum fine of \$5,000 if their animals are found running deer, and Fish and Wildlife personnel are authorized to shoot the animals if they're found in the act.

Stanhope appeals to province for airport subsidy

Stanhope municipality has applied for a provincial grant that may bring a 50% subsidy to operating and maintenance costs at the troubled Stanhope municipal airport.

The airport was temporarily closed in March when its licence was revoked by the Ministry of Transportation and Communications because of inadequate snow removal. The provincial subsidy will cover half of snow removal and other operating maintenance costs this year, which Stanhope Clerk-Treasurer Gerald Bain says may total \$3,250.

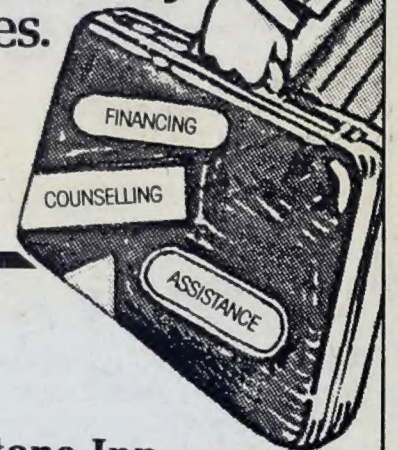

Bain said following a meeting April 7 that the subsidy program has been in effect for some time, but that the program policy has

recently been revised by the province to include subsidies for airports with lower traffic volumes such as Stanhope's.

Bain said the municipality submitted a request for the subsidy in March this year. The airport currently has net revenues of \$1,400, and estimated expenditures for 1982 total \$7,900, according to Bain. That leaves the Stanhope airport with a net deficit of \$6,500, \$3,250 of which will come from the provincial government if the grant request is successful.

The municipality expects the airport licence to be renewed later this spring, when the snow is gone and the grounds have dried enough to allow a resumption in air traffic.

Truck flips--pole snaps

Electrical service to the MacKayville area in Minden was disrupted for an hour last Wednesday after a delivery van jumped a snow bank and knocked out a hydro pole at the Hyland Crest Senior Citizens' Home.

Driver Robert Reymes, 31, of Grafton, was pulling into the parking lot at the Home Wednesday morning when the brakes of his 1978 delivery van failed. Reymes steered the van into a snow bank expecting to slow the runaway vehicle, but the snow bank was frozen and the van climbed the bank and knocked out a hydro pole on the other side.

Officials at Orillia Water, Light and Power, the company which owns the pole, say the damage cost \$34,000 to repair. Power was cut off in MacKayville for roughly an hour Wednesday evening while linemen from Orillia Water, Light and Power and Ontario Hydro worked together to replace the snapped pole. The pole and one power line at the site are owned by the Orillia company, while Ontario Hydro has one line on the pole.

Reymes was treated for minor injuries following the crash, which caused an estimated \$4,000 damage to the van. Constable Bob Wood investigated.

Eakins protests rail line closing

Press release

I have written today to the Honourable James Snow, Minister of Transportation and Communications, urging that he make every effort to provide adequate transportation for people affected by the proposed closing of the Toronto to Havelock train service.

While I have no desire to get involved in the jurisdic-

tional dispute between the federal and the provincial governments, I am disappointed that the recent throne speech made provision for service to Barrie and nothing for east of Toronto.

I am incensed that many people living in rural settings are treated in a rather second class manner. Their tax dollars help to subsidize the TTC and municipal bus

services, and yet they themselves suffer from inadequate services.

Mr. Pepin, the federal Transport Minister, is dead wrong in cancelling the Toronto-Havelock line at this time without being aware of the true facts that are available to him. It is time he became more sensitive to the problem he is creating,

especially without some alternative being put in place.

Mr. Snow, on the other hand, must serve the needs of those east of Toronto as well as the Barrie area.

It is time to stop pointing fingers of accusation at each other and for Mr. Pepin and Mr. Snow to meet and carry out their responsibilities, by serving fairly the people in the Toronto-Havelock corridor.

HUNTING MOOSE IN WMU 23 OR 31 THIS FALL?

You'll need a special stamp

Again this year the numbers of moose hunters in two Wildlife Management Units will be limited. The hunters in WMU 23 near Hearst and Kapuskasing, and WMU 31 near Chapleau will be selected by computer.

If you wish to participate, please contact a Ministry of Natural Resources' District Office nearest you for an application.

Applications must be received in Wildlife Branch, Toronto, by midnight, April 30, 1982. Applications received after this date will be ineligible. The selection process will begin May 1, 1982. Only residents of Ontario may apply.

If you were not chosen in the draw last year, you will get special consideration in 1982. (Refer to application booklet). The computer draw will be held in Toronto. Only successful applicants and unsuccessful group leaders will be notified by mail.

For further information, contact your local District Office.

Worth supporting

An organized effort to keep the Kanawa International Canoe Museum in Haliburton County is now underway. It deserves the support and encouragement of all Highlands residents.

Several months ago the museum's founder, Kirk Wipper, told the meeting of the Minden Rotary Club that some officials in the two senior levels of government were proposing that the museum be moved to another location outside the Highlands. At that time Wipper vowed the museum would not leave the county. Since he still owns the collection, he has final control over its future.

However, the collection, with its 700 pieces from throughout the world, is becoming increasingly difficult to maintain financially. Wipper has used a great deal of his own resources to build and maintain the museum and, from time to time, he has turned to the federal and provincial governments for help. As the collection grows and the costs increase, he will have to rely more on these outside sources of income to maintain and enlarge the collection. This financial "lever" could eventually be used to gain control of the museum.

The founder has admitted the present location may lack certain amenities to make the museum easily accessible to the public. He has suggested that another location in Haliburton County should be found so the public could more easily enjoy the collection.

Anson, Hindon and Minden Township council has offered a site in the Village of Minden. This could be the first important step which will ensure the world-renowned collection of canoes stays in the county. To this end, the efforts of the Haliburton County Citizens' Committee for Kanawa Canoe Museum deserve support.

If the museum should be moved out of the county it would be a major loss to the area. Likewise, if a suitable site could be found for the collection, it could become one of the Highlands' leading attractions.

Waiting his turn

letters letters letters letters

Editor:

I am writing this on Easter Sunday. I am one of the many thousands of Canadians who are very much opposed to the testing of the United States' Cruise Missile on Canadian Soil, at Cold Lake, Alberta.

One might ask "Why here? Why don't they test it in their own country? They have plenty of room for it. The answers seem obvious. They know the danger and don't want to take the risk on American soil. Also they seem to intend to position the Missile here for future use, if our government permits it.

I was in Toronto for a week recently and found that this question is very much on the

minds of people there. Church leaders are calling meetings of their congregations to discuss ways of adding their voice to that of other groups - doctors, women's groups, students, consumer groups, artists, scientists, trade unions, etc., who are protesting the placing of this monstrous weapon of destruction in Canada.

Here at home I don't see anything in the local press about it, and do not hear a peep out of anyone. It surely cannot be unawareness of the danger, since radio and TV give considerable coverage. Can it be we are all suffering from a severe case of inertia and lack of caring?

This weapon is not a toy. It is an exceedingly dangerous weapon, and could quite

possibly devastate most of our country and people. The nations of Europe do not want it, and our government should emphatically say NO.

In the Toronto Star of April 3 there is an article by Sister Mary Jo Leddy which should arouse anyone who reads it. I enclose a copy. Will you publish it?

Then the Star's edition of Easter Saturday devotes the whole front page and most of the second page to the report of Tom Harpur on his visit to Hiroshima. It is a most graphic and moving account of what he saw and heard there. Alan Ferguson - "Editor's Notebook" - in the same issue, invites people to write and express their

feelings on the subject. He promises to package up all the letters and send them to Ottawa for the attention of External Affairs Minister, Mark MacGuigan.

I, as a concerned individual, intend to use Sister Mary Jo's article and Tom Harpur's as widely as I can, and any way I can, to help stop these tests, and I urge others to take advantage of the Star's offer, marking their letters "Hiroshima"; also to contact our MPs, clergymen and other leaders, urging them to oppose this horrible nuclear device being brought to Canada.

(Mrs.) Louise Watson,
R.R.2, Minden.

by Ron Reid - Federation of Ontario Naturalists

Which substance is Ontario's most serious pollutant? Most of us would think first of acid rain, or mercury, or PCB's. All of these are serious problems. But in terms of widespread damage, perhaps the most serious of all is just plain soil.

You can see it clouding the springtime rivers, clogging reservoirs, and coating the beds of slow-moving streams. Water-borne sediment has been the major factor in making many southern Ontario streams unfit for trout, by smothering their eggs. The effects of a continuous rainfall of sediment is equally disastrous for other forms of life in a

stream or lake.

Sediment is an important pollutant in other ways as well. Phosphorous, heavy metals, and pesticides are often bonded to the soil particles, and move with it into the lakes and rivers where these contaminants can become more harmful. For example, it is estimated that more than half of the phosphorous entering the lower Great Lakes comes from diffuse rural sources, most of it transported attached to sediment.

If soil is a problem in the water, its loss is also a serious problem on the land. An

(more on page 6)

Global disarmament: a local issue?

Groups in Muskoka think they can have an impact on the international balance of terror - they say we must be concerned - or else.

The possibility of nuclear war has infected the imaginations of people all over the world today. While lobby groups hold protest rallies throughout Europe and North America, the United Nations is preparing for a special session on disarmament for June and July of this year.

In Ottawa Operation Dismantle is in high gear. Ottawa Mayor Marion Dewar has sent letters to municipalities throughout the country requesting they consider a referendum on nuclear disarmament.

To the west of Haliburton County, the Muskoka Concerned Citizens Group, under the directorship of Barbara Scott, has successfully appealed to the Gravenhurst council to conduct such a referendum in conjunction with municipal elections; Gravenhurst now joins Toronto, Ottawa, Hamilton and others in Ontario as councils that will go ahead with the vote this fall.

The birth of the Muskoka group was inspired by an address by Dr. Norman Alcock given in Gravenhurst on Armistice Day last year. Alcock is a professor of Strategic Studies at Toronto's York University and an eloquent spokesman on the threat of nuclear war.

The Concerned Citizens began as a study group and has since become a strong public lobby; now some thirty-five members are working to bring the same referendum to both Bracebridge and Huntsville this year.

In Haliburton, meanwhile, municipal representatives are not sure the referendum will be effective, although no municipalities have, as yet, received letters from Ottawa proposing the vote. Stanhope Reeve Jim

Harrison told The Times that the matter of a referendum on disarmament would be strictly a council decision that would be made only when the issue was presented to council. Dysart Reeve Murray Fearrey followed Harrison's stand, saying that a lot

of other problems would take priority at council. "I know I'm not usually this wishy-washy, but I really haven't got a position on this one," he said.

Lutterworth Reeve and County Warden Ron Gambell feels a public vote would be insignificant next to the larger forces which keep the nuclear powers in check. "You won't get the whole world to disarm,"

Gambell comments flatly. "The U.S. and Russia are in a race to grow; they want prosperity. If the button is pushed, everything will be destroyed. As long as the super powers recognize what they have, it will never come to that." Fearrey agrees: "I'd see a referendum like circulating a petition, it may be one way of advising government of public opinion, but I wonder how effective it would be."

Haliburton County politicians may be waiting for the issue to arrive at council before considering their stand, but twenty-eight municipal councils throughout the country have already agreed to conduct

referenda this fall and the number is growing. An additional eighty municipalities have endorsed the referendum in principle and the City of Vancouver is considering the issue right now.

Municipal referenda, however, are only part of a much larger scheme. Jim Stark, Director of Operation Dismantle, intends the referendum to be carried out finally on a global scale. Stark was a professor of Sociology at Laurentian University when he first hit on the idea of a global referendum on nuclear disarmament as a means of consolidating public opinion on the arms

race world-wide. He formed Operation Dismantle five years ago to put his idea into action, working first in Toronto's Bathurst Heights before moving to Ottawa to bring more clout to his lobby. Municipal referenda are the first step towards his goal.

Muskoka's Barbara Scott is convinced that public action is a vital force in the campaign for disarmament. "Most people don't even want to think about nuclear war," she told The Times from her Gravenhurst home. "I think they are paralyzed by it. But when you actually take steps to do something about it, it helps you cope with

that fear and if there is a real groundswell of public opinion, it could influence the government to take concrete steps."

Scott speaks highly of the referendum idea in particular, both as a political and a personal psychological tool: "More than anything, it's the process that's important, the referendum helps to make people aware and get them thinking. It's a very simple approach to a hugely important issue," she says.

The Muskoka Citizens' Group has already held several public meetings on disarmament - including one March 7 addressed by Jim Stark - and they are currently considering steps towards declaring Muskoka a Nuclear Free Zone. Although she is not sure what the move would entail, Scott says the declaration of a Nuclear Free Zone is another means of creating public awareness, and is also a sound economic move for a tourist area such as Muskoka.

This Sunday the Muskoka group takes their cause to Huntsville. The Concerned Citizens are sponsoring a public meeting at the Griffin Lodge south of Huntsville at 2 p.m., where they will be seeking support for their upcoming appeal to Huntsville council. Information on the Sunday session can be obtained from Barbara Scott at (705) 687-2791. Everyone is welcome at the meeting, and in a time when American cruise missiles are invited to fly over Western Canada, the group's concerns seem well placed.

from the chamber

by Bob Stinson

The Chamber's recent membership campaign resulted in 28 new members. The campaign may be over but it's still not too late to join the organization. If for some reason you were not contacted call the Chamber office at 286-1760 and we will be out to see you. The Chamber now represents 342 businesses in the Haliburton Highlands. The following are among some of our newest members:

Doctor Harry Shortt operates a veterinary clinic on Highway 648 just east of Wilberforce and his practice is growing rapidly with his reputation throughout the eastern part of the County.

Doctor James Tapp is Haliburton's chiropractor and snaps his patients back into shape in his clinic just below Mike's Milk in Haliburton Village.

Doctor Paul Dowdall is an optometrist with offices in both Lindsay and Haliburton. The Haliburton office is located downstairs below the Village Shoppe and is open Thursdays.

Rishor, Barnes, Dietrich Ltd. Realtors have replaced the former Hawkins, Taylor & Russell Realty firm in offices located at the rear of the Haliburton Red & White. Ted Saxby is carrying on as manager for the new firm whom we welcome to the Highlands.

Edgewater Beach Resort has been a well known local cottage and campground establishment on the south shores of Lake Kashagawigamog for a good many years. We are pleased now to welcome the resort and proprietor Brian Edwards as members of our Chamber.

Big Hawk Landing Marina is situated right at the end of Big Hawk Lake Road and services all of the cottagers on that lake with marine and grocery requirements. We welcome owners Bill and Ruth McAdam.

Ed Youngdale's Texaco Supplies is a former member of the Chamber that we are pleased to have back with us. They are located in Haliburton next to the Rails' End Gallery.

Big C Construction specializes in quality masonry, block and fireplace work and they have earned an excellent reputation in the area. Big C is derived from the proprietors names - "B" is for Bob Long, "I" is for Ian Arnup, "G" for Glen Fick, and "C" for Clarke Bailey.

M.D.S. Group is the laboratory that takes care of your medical tests when you deal with the doctors in Haliburton and we welcome them as new members.

Mabel's Cut 'n' Curls just over the bridge in Minden have been providing hair-dressing services for many years and is a new Chamber member.

Jim Carnochan Contract-

ing is located at the north shore of Big Kinnis Lake and he is fully equipped for all your building needs - from digging the hole in the ground to putting the roof on the building and finishing the interior.

Jordan Lake Trailer Park and Tent Grounds is a picturesque spot on a small lake just east of Highland Grove off County Road 5. It was recently purchased by A.G. Mackie from Scarborough and we welcome he and his family as new business owners in our County.

Tom Geddis, who with his wife Jean have been operating Buck Slide Camping Grounds has now taken over Barnes Plumbing and Heating so we will be looking for two memberships from them now. We sincerely wish Tom well in this new venture.

George and Elaine Schmid at the Beaconbrook Motel are expanding on their fine reputation for good food and have purchased the former Hayloft Restaurant and Tavern next to Linkert Bakery. They are presently renovating the facilities and plan on opening by July with a licenced gourmet dining room. The new name had not yet been established.

Linkert's Bakery also is expanding. The retail portion of their business will, as of next week, be operating from the main street location formerly occupied by Calico Crafts and Cauldron's Pharmacy. Watch the main streeters put on weight now!

Dixie Lee is also now open in Haliburton. Ken Fielding went away out on a limb to bring the first franchised operation to the County and we wish him great success with this second facility.

Bernie's Place at West Guilford is not a new member but we just can't resist including it in this list. It gives us a chance to say how proud we are of owner Bernie Nicholls who, after burning up the league in New Haven, is now firmly established with L.A. in the N.H.L. At last report he had earned 28 points in 22 hockey games and is still banging them in through the play-offs. We expect to see

many additional mementos added to the decor at the restaurant when he arrives home this spring.

we do wish to welcome the new owners of the former Blue Haven Tent and Trailer Park. Rob and Jean Clark and Syd and Lois Adamson have purchased the property and will now call it Jay Lake Tent and Trailer Park. Syd and Lois are the parents of Bryan Adamson, our newest solicitor in Minden and Jean is Bryan's sister. We look forward to once again seeing this property working at its potential and we wish all of the family much success in their new venture.

Highland's T.V. is not a new member but Larry's entry into the "Video Disc Shop" business is relatively new. He now has 10 Video machines for rent along with over 100 first run movies for home viewing on your own T.V. His library will reach 300 to 400 by summer. This is becoming a very popular and inexpensive way to enjoy the latest films in the comfort of your home.

1982 directory

The new Chamber Directory was published in time for the Sportsmen Show and is now available locally. It features up to date information on coming events where to obtain goods and services and a new improved map showing points of interest in the County. We are also pleased to welcome Molsons this year as our first national advertiser on the inside back cover.

The directories will be available through most of our members and the information centres at no charge.

Kennel call

An eight month old male cat of delightful disposition desperately needs a home. He has medium long hair and answers to the name of Beauregard. He is also completely up to date on all his vaccines.

Please call the Minden Animal Clinic, 286-2919, if you are interested in giving this gentleman a home.

Outdoors

(from page 4)

average hectare of Ontario woodland loses about 400 pounds of soil each year through erosion. But on farmland used continuously to grow corn, the annual erosion loss rises to almost 7 tons per hectare. Losses from some horticultural crops are even

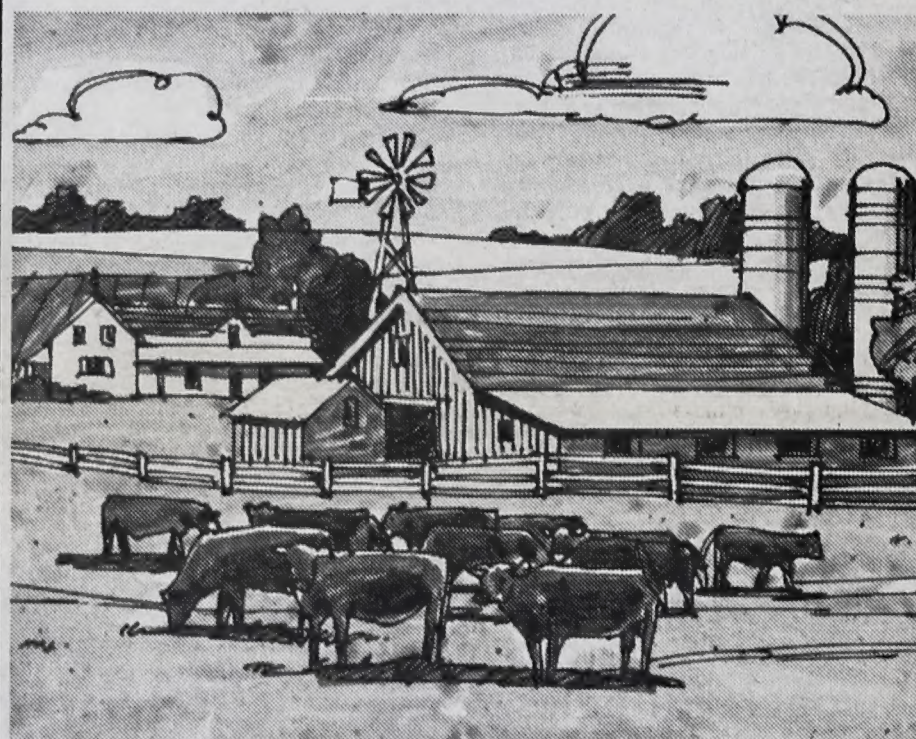

greater. Such losses threaten the fertility of some of the best agricultural lands in our province.

Soil erosion and sedimentation is truly a double-edged pollutant - impairing the quality of the land that is its source, and impairing the quality of the water where it is received. Control of this

pollution lies not with giant corporations, but rather with the thousands of rural landowners who till the soil. It's time that we took a long, hard look at the responsibilities of these landowners, and modified our farming practices to minimize the loss of the thin mantle of soil that sustains us all.

ONTARIO FARM ASSISTANCE PROGRAM EXPANDED

You may now be eligible.

We've broadened the eligibility for the 1982 Farm Adjustment Assistance Program so we can help more farmers.

For farmers facing financial difficulties, the program offers financial assistance and financial management counselling.

BROADENED ELIGIBILITY

The farmer must have equity in the farm business of between 10% and a new upper limit of not more than 60%. Present interest and principal payments must exceed 20% of operating costs.

The total value of food or tobacco products produced on the farm in 1981 has been reduced to \$12,000.

ASSISTANCE

Farmers can take advantage of one, or more, of the following options:

1. Deferral of interest by the lender on loan(s) for a period of six months backed by a Provincial guarantee. During this time, the lender will not compound the interest.
2. An interest reduction grant on floating-rate loans and short term,

fixed-rate loans for operating purposes only for up to 12 months. The maximum grant will be 5 percentage points. Loans may be reduced to a level as low as 12%.

3. An additional line of credit for operating purposes only, guaranteed by the Province of Ontario. This new credit would be provided by the lender at the prime rate for up to 12 months.

APPLICATIONS

For further information on this program and application instructions see your lender; or visit an OMAF county office; or write 1982 Farm Assistance Program, Queen's Park, Toronto, Ontario M7A 1B7.

Dennis Timbrell, Minister
Duncan Allan, Deputy Minister

Baysville builder duplicates Minden's historical landmark

There's a bit of Minden in Baysville, a very small but historically important piece of this community.

On a farm on the outskirts of this small village between Dorset and Bracebridge can be found a miniature replica of Minden's Clergy House.

The 15 inch by 20 inch miniature is the handiwork of Barry Walsh and his sons Tim and John. In season the Walsh family and a number of employees are involved in the construction of life-size homes. Sometime ago however, they discovered a shared interest in producing miniature replicas.

"We did a water powered mill first," Barry explained. "The project was constructed to scale and included a small electric pump which moved the water from the millpond to the sluice above the wheel. The falling water actually turned the wheel."

The mill became an interesting curiosity and toy in their home until one day it was seen by a Burlington woman who has an interest in doll houses. She asked the Walsh family to construct a doll house for display at a Toronto show.

The home was built and delivered and the family started looking around for another project. "I was looking through the book 'Old Ontario Homes' when I saw a photo of the Minden house and it looked like an interesting challenge," Barry comments.

Working with small squared timbers, two men worked for nine days to build the main structure. Finishing touches such as curtains and several pieces of furniture were added later.

"We took a few liberties with the design," Barry admits. "We added a summer kitchen on the right". As well, the window to the right of the front door is not quite square. Barry explains that touch this way: "When the home was built, 1853, people weren't very concerned about looks. They simply wanted to get a roof over their heads. As a result the precise rules of carpentry were often bent slightly." The crooked window, though not part of the real clergy house, offers an interesting touch of those early days.

Since the miniature has been designed as a doll house, the roof lifts off to give access to the second floor. The second storey is also removeable to provide access to the main floor.

"It's not something I'd like to do on a regular basis," Barry states. "It was something we were all interested in trying, but

working in miniature can become tedious." It took two days to apply the caulking between the logs. "We tried to

do everything to scale."

For those interested in having this small piece of Minden, it is for sale. Barry has set a price of \$1700 to \$2000 which he says represents the cost of labour and material used in the home's construction. According to Barry, it's a price that serious doll fanciers would not find out of line.

While they wait for a buyer, the small bit of Minden's history rests out the back of the Walsh home. "We're letting the weather colour the wood, so it resembles a house 130 years old," Barry comments.

The original Clergy House, seen above, has been closely duplicated by a family in Baysville. Barry Walsh, one of the builders, says the miniature, which has been built to serve as a doll house, is for sale to anyone interested in the \$1700 to \$2000 price tag.

Fire Chief seeks permanent stations

Fire Chief George Wilson is pressing council for improvements to the fire fighting equipment in the municipality, but councillors are complaining of budget restraints and urging Wilson to accept the council's current plans for upgrading equipment.

Wilson told an April 7 meeting of Stanhope council that his department needs a permanent pumping station in the municipality as a reliable filling system for the 1500 gallon tanker truck currently used by the force. The Stanhope department now uses three portable nine horsepower pumps to fill the truck on site.

Council has said, however, that a new well at the Stanhope firehall has already cost more than was budgeted for the fire department this year. The new well is soon to be fitted with a three horsepower submersible pump that will provide a refilling capacity of 50 gallons per minute to the tanker

truck. Wilson has requested a sixteen horsepower unit instead, which he says will boost the refilling capacity substantially.

Acting Reeve Elgin Stouffer told Wilson at the Wednesday meeting that quick response may be more important to fire fighting in the municipality that a big back up supply of water. Stouffer went on to suggest that the municipal road crew could be employed to keep roadways to water supplies clear of snow in the winter months until council could consider a permanent pumping station next year.

Wilson has been pressing for the installation of a permanent facility for the Airport Road at the east end of Maple Lake. The Stanhope force currently uses locations at Buttermilk Falls and Ox Narrows to refill the tanker. Wilson has also moved the 1500 gallon tank to a roads department truck which has provided a better engine and chassis for the tank.

Barry Walsh, left, and his son Tim were instrumental in constructing this miniature copy of Minden's Clergy House. The pair worked on the project for nine days. This is their third doll house, and while they enjoyed the work, they say it would be too tedious to build in miniature all the time. Note the slanting window to the right of the porch and the summer kitchen, both variations on the original added by Barry.

WELCOME!

Dr. Agnes Jamieson, one of the people responsible for bringing the Library/Cultural Centre to Minden, talks with a patron at the opening of the C-I-L exhibit at the gallery which bears her name. The exhibition opened Tuesday, March 30 with a wine and cheese reception which was attended by 70 people. The C-I-L show is running until May 1 in conjunction with an exhibit of paintings from the same collection at the Rails' End Gallery in Haliburton. Twenty-five well known Canadian artists are featured at the Minden exhibit, with works spanning a range of styles and media. Next week's issue of The Times will feature a review of the exhibition.

Haliburton Midgets keep OMHA playoff hopes alive with 5-4 victory over Langton

The Haliburton Midgets still have a chance to win the Ontario Championship, but they'll need to stage a strong comeback to do it: they are now down 3 games to 1 in their best of seven finals against Langton, following two rough games in Haliburton on the weekend.

The Midgets faced off against Langton Friday night down two games in the series, after two straight losses in Langton the previous weekend. They dropped Friday night's contest 7-3 to come within a game of elimination, but Saturday night they fought back to take a 5-4 overtime victory before a large and supportive home crowd. The win forces a fifth game back in Haliburton this Saturday at 2 p.m.

The Langton Midgets are a burly bunch and they take full advantage of their size to intimidate opponents. But Saturday night they may have been too physical for their own good; they drew 38 minutes in penalties, enough to suspend their coach for Saturday's game according to OMHA regulations.

Haliburton in turn had 32 minutes called against them, but manager Bob English feels restraint was still instrumental in Saturday's win: "Our players were told to back off and let Langton take the penalties Saturday, and I think it worked," he commented following the game. "This is by far the most physical series we've played all year, but we're trying to be less physical in order to stay out of the box," he said.

Manager English says strong team play was the key in Saturday's win: "We played hockey Saturday like a team, and when the guys do that I think they can whip

anybody," he said after the game. English added that the team effort, together with an early 2-0 lead for Haliburton, unhinged the confident Langton squad. "Langton hasn't been behind the eight ball all year, and I think you could see they were rattled, on the ice and on the bench. They're not used to another team controlling play." Saturday's game was Langton's first loss of the year.

Langton did get a goal in the opening period Saturday, but Haliburton held a 2-1 lead going into the second.

Fred Roberts and Scott Rae had first period tallies for Haliburton. Kevin Warburton put Haliburton out front 3-1 with a powerplay goal at 8:14 of the second period. Langton pulled ahead with one at the 12 minute mark but Haliburton went up 4-2 with 4 minutes remaining and kept the lead to end the period.

The third period was the roughest in a rough game. Both teams were hitting hard along the boards and wild bodychecks in the centre ice area sent players sprawling on almost every play. With a minute and a half gone

Langton drew within one. The two teams then went 12 minutes without a goal until Langton tied it 4-4 with 6 minutes left of play. They finished the period scoreless, but the rash of penalties was enough to mean a suspension for Langton's coach.

Haliburton came on strong to dominate overtime play. They held the puck in the Langton end for the entire 10 minutes of the period. Steve Smith had a goal disallowed after it was ruled he knocked the puck down with a high stick, but the near goal inspired Haliburton; with

2:57 left in the period Smith got a second chance and he made sure not to miss. The puck came out to the blue line and this time Smith knocked it down with his glove; a hard slap from the point followed and it was Haliburton 5, Langton 4. Haliburton held on to the 5-4 margin for the remaining minutes and came away with their first win of the series.

The two teams will meet again Saturday, April 17 in Haliburton at 2 p.m. The game was announced for 7:30 p.m. following Saturday's game, but the next matchup will be an afternoon game.

The Langton goalie directs as players make a quick exit from the Langton end during Midget action Saturday night in Haliburton. The Haliburton squad split a pair of games against Langton and they now face a 3-1 deficit in the best of seven Ontario Championships when the two teams face off again Saturday in Haliburton.

Meeting will discuss leadership

-by Susan Clements-

What makes a good leader? What makes a good chairman? How much responsibility should a chairman delegate? What are the characteristics of a well-run meeting? How should committees be structured?

These and other questions will be addressed at an all day workshop sponsored by Haliburton County Home Support Services. The workshop will take place on Friday, April 30, from 9:30 a.m. to 3:00 p.m. at the PineStone Inn. The event is open to all seniors in Haliburton County free of charge, and is funded by the New Horizons Program of Health and Welfare Canada.

The meeting will begin with coffee and registration. Dick McCann, who is chairman of the planning committee, will deliver the opening remarks, which will include infor-

mation on the purpose and agenda of the workshop. Doris McCann, Chairman of Haliburton County Home Support Services, will offer welcoming remarks. Following a film on approaches to chairing a meeting, there will be an open discussion on its content. The participants will be involved in role playing to illustrate the qualities of good chairmanship. After lunch, Marliss Lindsay, a field worker with the federal government, will discuss the structures of various types of committees, and the delegating of responsibility. The day will conclude with a discussion period and evaluation of the activities.

Home Support is anticipating an attendance of approximately eighty people. If you wish further information, please contact the Home Support office at 457-2941.

HALIBURTON COUNTY BOARD OF EDUCATION

TO THE HALIBURTON COUNTY BOARD OF EDUCATION

We have examined the Balance Sheet of the Haliburton County Board of Education as at December 31, 1981 and the Revenue Fund Statement of Operations and the Capital Fund Statement of Operations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances. In our opinion these Financial Statements present fairly the financial position of the board as at December 31, 1981 and the results of its operations for the year ended, in accordance with the accounting principles described in Note 1 to the financial statements applied on a basis consistent with that of the preceding year.

ATION

FINANCIAL STATEMENT DECEMBER 31, 1981

HALIBURTON COUNTY BOARD OF EDUCATION NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1981

1. ACCOUNTING PRINCIPLES

The financial statements have been prepared by the Board using accounting principles that are prescribed by the Ministry of Education and are considered appropriate for Ontario School Boards. These principles are in accordance with generally accepted accounting principles except as follows:

(a) Accrual Accounting

Revenue and expenditure are accounted for on the accrual method except for:

- (i) No provision is made for interest on unmatured debenture debt from the date of payment to the end of the fiscal year.
- (ii) No provision is made to record the liability for retirement and/or sick leave benefits accruing over the working lives of employees.

(b) Fixed Assets

Fixed Assets are charged to current expenditures unless financed by long-term debt. Principal and interest charges on net long-term liabilities are included as expenditures in the period due. Fixed assets described as Capital outlay to be recovered in future years, are included on the balance sheet only to the extent of the balances of the related net long-term liabilities outstanding at the end of the fiscal year.

(c) Reserves and Reserve Funds

Reserves and Reserve Funds represent funds appropriated for general and specific purposes and are charged or credited to revenue fund operations in the year appropriated or drawn down.

(d) Under/over requisition of Taxes

The difference between the net expenditures of any year and the amounts received to finance these expenditures is carried forward to the subsequent year to either increase or reduce the net revenue requirement from ratepayers.

2. RESERVE FOR WORKING FUNDS

The reserve for working funds at December 31, 1981 is applicable to the elementary and secondary school operations of the board as follows:

Elementary	\$ 112,000
Secondary	133,000
	<u>\$ 245,000</u>

3. LIABILITY FOR SICK LEAVE BENEFITS

Under the sick leave benefit plan, unused sick leave can accumulate and employees after a certain period of employment (teaching staff - 10 years, non-teaching staff - 5 years) may become entitled to a cash payment of 50% of the unused credits to a maximum of 50% of annual salary when they leave the board's employment.

These accumulated days, to the extent that they could be used to determine the cash payment to an employee on terminating, amount to \$896,000 as at December 31, 1981 (\$727,000 as at December 31, 1980). No provision has been made on account of the sick leave benefit plan.

The amount paid in the current year in respect of the retirement gratuity was \$25,095 (\$14,258 in 1980).

4. NET LONG-TERM LIABILITY REPAYMENTS

Of the net long-term liabilities outstanding of \$1,252,000 principal amounting to \$592,000 plus interest amounting to \$384,378 is payable over the next five years as follows:

	Principal	Interest	Total
1982	\$ 109,000	\$ 93,385	\$ 202,385
1983	111,000	85,510	196,510
1984	120,000	77,430	197,430
1985	128,000	68,698	196,698
1986	124,000	59,355	183,355
	<u>\$ 592,000</u>	<u>\$ 384,378</u>	<u>\$ 976,378</u>

5. DEBT CHARGES AND CAPITAL LOAN INTEREST

The Revenue Fund expenditure for debt charges and capital loan interest includes principal and interest payments as follows:

	Elementary	Secondary
Principal payments on long-term liabilities	\$ 91,000	\$ 11,000
Interest payments on long-term liabilities	96,995	3,750
	<u>\$ 187,995</u>	<u>\$ 14,750</u>

Players and officials gather round the Langton goalie as team representatives examine the injured youth following a particularly rough play. The netminder was able to resume his duties but saw his team lose to Haliburton 5-4 in overtime. A complete report of the Ontario final can be found on page 9.

We have a WINNER

Carol Miles accepts \$50 in BIA BUCKS from Paul Heffer of the Minden IDA Drug Store. Her entry in the Minden BIA Spring into Summer was drawn Saturday by Mrs. Frank Dunsford. Carol's winning ticket was filled in at the drug store.

You could be this week's winner. Fill in the free entry form at any of the participating businesses listed below.

Ronald Wrightman Realty; Dearden and Stanton Ltd.; Highlands Plumbing and Heating; Minden Fresh Fruit & Vegetable Market (May only); Dollo's IGA; Mike's Milk; Medley's Pizza; Minden Arcade; Shoes & Leather; Jeans & More; Jadek Sports; Helaman Hall Accounting; Northland Sales; Linda J. SSFC Campus is an asset

-by Susan Clements-

We are fortunate as residents of Haliburton County to have a facility such as the Northern Campus of Sir Sandford Fleming College, which responds to the needs for courses expressed by local people. The college determines these local needs by the use of a variety of advisory committees, the distribution of questionnaires, to students, and the provision of flyers to the general public. Using this approach, the college decides upon a range of courses that it will provide for that year.

The Director of the Northern Campus, Barb Bolin, is in a unique position to learn first hand about the needs for courses within the community. Barb is a well-known resident of the area, and a board member of the Haliburton County Chamber of Commerce, Haliburton Highlands Guild of Fine Arts, Haliburton Hospitality Training Committee, and the Haliburton County Industrial Training Committee.

In addition to the basic objectives of the college, the

Northern Campus has demonstrated its support to other community groups by making its space and equipment available to them free of charge. The Haliburton County Social Planning Council could not have survived over the past three years without the college's generous support.

The Northern Campus has also provided, at a minimal cost, accommodation to A.R.C. Industries for the past ten years. The college provides A.R.C. with free custodial services, hydro and some furniture.

The preference of the Northern Campus is to employ local instructors for the winter courses.

This approach of responding to the local people and the welfare of the community is reflected throughout the entire history of the college.

In 1967, the Northern Campus was established in response to a request by a group of concerned citizens for extension courses and the undertaking of the administration of the Guild of Fine

Arts.

Over the past fifteen years, many changes in staff, programmes, teaching techniques, and budget have occurred. Initially, there was a part-time secretary, based in Haliburton, and a part-time Director, based in Peterborough. Presently, there are two full-time, county based positions; namely, that of

Director and Administrative Assistant.

The latter position is held by Susan Little, a native of Haliburton County, who assumes the Director's responsibilities when business

calls Barb out of the county. As time passed, a Career Development Officer and a Women's Programme Development Officer were hired. By 1981, due to budgetary constraints, these responsibilities were assumed, on a limited basis, by the Director.

The college now offers career counselling, academic testing, workshops on development of career skills, credit adult education programmes such as book-keeping and pottery, and non-credit general interest courses such as fitness and children's programmes. In 1981, there were approximately 1500

students, of whom some five hundred were summer students, taking advantage of the college's courses.

The college operates on an annual budget of approximately \$100,000 supplied by the provincial government and students' fees. No municipal funds are involved. The college is grateful to the Haliburton County Board of Education, which owns Lakeview Centre, the site of the campus, for allowing the college to use the centre for the price of the building's upkeep. In addition, the board charges a minimal rent to the college for the use of

classroom space in Haliburton County schools.

The Northern Campus, along with the five other campuses of S.S.F.C., is administered by a Board of Governors. One of the past members of the board was Doug Hodgson, whose assistance throughout the

college's growth was invaluable. Lorne Coburn and Carole Finn are Haliburton County's current representatives on the board.

If you have any questions regarding the college and its programmes, please contact Barb Bolin at 457-1680.

Eating for health

- Ag. report -

Variety, moderation and balance; these are the key words behind changes recently made in Canada's Food Guide.

Canada's Food Guide is simply that - a guide to assist Canadians in making sensible food choices to meet nutrient and energy requirements. It is a guide line which can be adapted to any age group or ethnic background.

The changes introduced are designed to encourage the use of a variety of foods within each category, encourage moderation of the intake of fat, sugar, salt, and alcohol, and to encourage a balance between energy intake (kilojoules or kilocalories) and energy output.

In the move towards metric, energy values have been expressed in kilojoules and some of the serving sizes have been modified.

The guide is still divided into the four familiar groups, although some of the titles have been changed. Choosing from each group daily ensures variety and also helps ensure that each nutrient requirement is met. If you leave out a food group entirely, you could be leaving out some valuable nutrients.

The Meat, Fish, Poultry and Alternates group suggests 2 servings daily. This group provides protein, iron, niacin, thiamin, Vitamin A & B-12 and fibre. A suggested serving size is 60-90 g. or 2-3 ounces of cooked lean meat, poultry, liver or fish. An alternate would be 60 ml. or 4 tbsp. of peanut butter or 2 eggs.

The Fruits & Vegetables group is essential for Vitamins

A & C, folacin, iron and fibre. We should include 4 - 5 servings daily, 2 of which should be vegetables. 125 ml or 1/2 cup of fruit, vegetable or juice is the standard serving size.

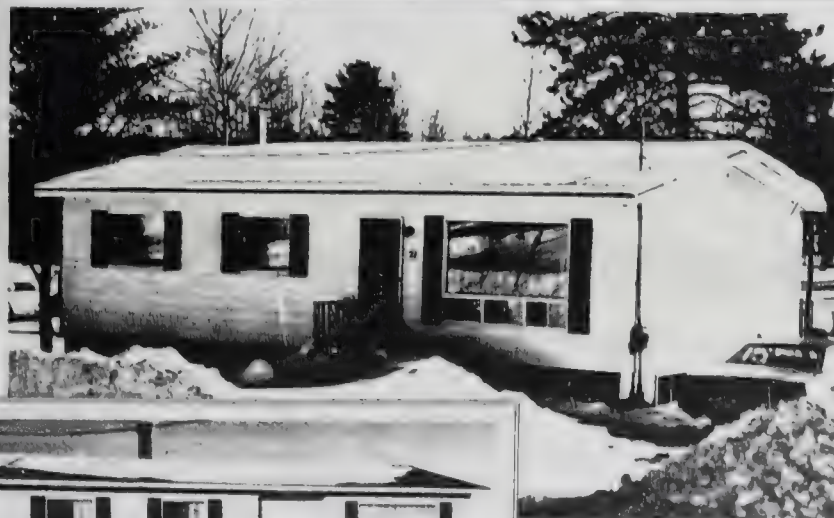

To provide the body with calcium, riboflavin, niacin, folacin, and Vitamins A, B-12 & D, we look to the Milk and Milk Products group. There requirements vary according to age. Children up to 11 years require 2 - 3 servings, adolescents and pregnant and nursing women require 3 - 4 servings and adults 2 servings daily. One serving is readily provided by 250 ml. or 1 cup of any type of milk - skim to whole, or by 45 g. or 1 1/2 oz. of cheddar cheese.

The last group - Breads and Cereals provide carbohydrates, thiamin, niacin, riboflavin and iron as well as fibre in whole grain products. As well as 1 slice of bread, you can choose cereals or spaghetti, macaroni or rice to provide the 3 - 5 servings required daily.

Balancing what you eat with what you do, and using moderation, especially in the areas of sugar, salt and fat are good guidelines for all Canadians. The guide is flexible - it can be used for 3 meals or 5, and should include all snacks.

Ontario offers us an added benefit. It is possible to follow the guide making use of wholesome Ontario products solely, and still maintain plenty of variety, and good taste within our budgets. Use Canada's Food Guide and Ontario food to eat better and feel great.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT: and

IN THE MATTER OF a proposed By-law of the Corporation of the Township of Lutterworth to stop up and close 6 adjacent portions of the 66 foot 'unopened' Original Shoreline (Marine) Allowance for Road around the shoreline perimeter of Gull Lake, in front of Lot 15, Concession 11, in the Township of Lutterworth and to convey parts of the aforesaid Shoreline Allowance Portions to the abutting property owners.

NOTICE IS HEREBY GIVEN, pursuant to Section 446(1)(a), of the Municipal Act, R.S.O. 1970, as amended, that the Council of the Corporation of the Township of Lutterworth proposes to consider and, if deemed advisable, to pass at its Regular Meeting to be held at the Council Chambers, 3 miles south of Minden, on Highway No. 35, on Thursday, May 20th, 1982, at the hour of 7:00 o'clock P.M. a By-law to stop up and close the parcels of land more particularly described as follows:-

SCHEDULE "A"

ALL those adjoining Parts of the sixty-six foot Original unopened Shoreline Allowance for Road along the shore of Gull Lake in front of Lot 15, in Concession 11, in the Township of Lutterworth, in the Provisional County of Haliburton, designated as Parts 1, 2, 3, 4, 5 and 6 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19) as Plan 19R-2589.

AND, in addition, to convey Part 1 on Survey Plan 19R-2589 to the owner of the abutting Part 48 on Survey Plan RD 160 and to convey Part 2 on Survey Plan 19R-2589 to the owner of the abutting Part 47 on Survey Plan RD 160 and to convey Part 3 on Survey Plan 19R-2589 to the owner of the abutting Part 46 on Survey Plan RD 160 and to convey Part 4 on Survey Plan 19R-2589 to the owner of the abutting Part 45 on Survey Plan RD 160.

A copy of the Survey Plan 19R-2589 is attached to the proposed By-law and may be viewed at the Lutterworth Municipal Office during normal working hours.

AND TAKE FURTHER NOTICE that before passing of the said By-law at its meeting to be held at the time and place above-mentioned, the Council of the Corporation of the Township of Lutterworth shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Lutterworth this 2nd day of APRIL, 1982.

Mr. Wayne D. Hughes,
Clerk-Treasurer,
P. O. Box 176,
MINDEN, Ontario.

senior league

by Bert Harrison

We had a lovely service in the Chapel Sunday night. When the Burgess' and the Thompsons' put it on, it is done just right. Mrs. Thompson sang so nicely, and also did the playing. Harold read the lesson and also lead in praying. Rev. Burgess then took over, and took for his text, "You must be born again", or, will you know what happens next?

Monday morning fun and fitness down in the gym. Earnest Berry won the bowling by knocking down all pins. Monday night we watched two movies, "Scotland" and "To the Top". They kept going up, and up, I thought they would never stop.

Tuesday morning Rev. Elliott, of the Anglican church held a communion service in the chapel here. Our girls came back to play and sing - we hold them very dear. We thank you for coming in this wintry weather. It was nice, once again, to all worship together.

A lady here is mad at me, she seldom will speak, because she isn't mentioned in our letter every week. But she is a dear old soul, in her own way, for she is knitting, sewing, stitching, for someone every day.

We welcome Mrs. Ruby Lewis to this restful place. We

trust she will like it here, and few troubles she will face.

I was invited to view the art collection in the Cultural Centre. It was so windy and cold, outside I did not venture.

Tuesday night Earl Cooper and Kathy Owens came to entertain us in the gym. Earl played his fiddle, pipes, and mandolin. Kathy sang some good old hymns on her accordion. We say a great big "Thank You" for a job well done.

We would like to thank all who sent us Easter cards.

Wednesday afternoon, the ladies in the Craft Room knitting afghans, scarfs, painting or winding yarn in balls - but I wish you could see Amelia's cute dolls.

Thursday afternoon the A.C.W. Ladies from Haliburton served the tea party this cold winter's day. We thank you all for coming from so very far away. They not only brought a lovely lunch, but some cute little Easter baskets. What was in them? I don't like to ask it.

The Bingo was put on here last night by Mr. and Mrs. Lyle McKnight, who always do things just right.

We welcome Mary Oliver back again after being absent for many weeks. she is looking quite well, with a dimple in her cheeks.

Support Services Report

by Alberta Maitland

It must be Spring, even though the weatherman hasn't been told yet! The Haliburton County Home Support Services representatives from all the communities in Haliburton County are anxious to get going after a long winter.

A Meals on Wheels "information sharing workshop" was held on Wed., March 31st in Gooderham and 75 people were present.

Friday, April 30 at 10 a.m. at PineStone a Leadership workshop will be held. Sponsored by New Horizons - you are invited, please call our office for a dinner reservation 457-2941 and further details will be given.

Swim program with sauna and whirlpool begins April 6 and will be held each Tuesday from 1 - 4 at Locarno-on-the-Lake until May 25. Fee \$22.00. Guests fee \$3.00. Where else can you get something good for you that is so much fun yet costs so little?

In case you are in need of foot care, let me remind you of the Foot Clinics. This is a free service for anyone who because of age or physical disability is unable to care for their feet. Please call for an appointment: Cardiff - 4th Tuesday - call 339-2842;

Dorset - 3rd Wednesday - call 766-2237; Gooderham - 3rd Thursday - call 447-2969; Haliburton - 1st Friday - call 457-1391; Minden - 1st Thursday - call 457-1391; Wilberforce - 3rd Thursday - call 448-2993.

We are very fortunate to have Susan Clements working so hard to set up an Information and Referral service for all people in Haliburton County. Susan will also be training volunteers to help carry on this program. In May a workshop will be held to give you details - plan now to attend - call the office 457-2941 to register and get further information.

During February our Meals on Wheels volunteers delivered 191 meals. If you know of anyone who could benefit from this service, please call our office at 457-2941. The meals are delivered 3 times a week at a cost of \$2.00 a meal. If the program is not in operation in your community, let us know of the need and we will attempt to assist.

Barb Bolin from Sir Sandford Fleming College will plan special courses for Seniors - let us know what your interests are and we will try to oblige!

We need you now more than ever.

around the county town

by Yvonne Guida

On Friday, April 9, Elsa Seuret flew to Fort Lauderdale to spend three weeks vacation aboard her brother's yacht. Bon Voyage Elsa!

Mrs. Taylor Kernohan left on Thursday to spend the remainder of the week with Mrs. June Pollit in Peterborough.

Edith Coneybeare, who underwent surgery last week at Ross Memorial Hospital in Lindsay, is progressing nicely. Everyone wishes her a speedy recovery and hopes that she will soon be home.

On Wednesday, April 7, the 65th Anniversary of the quickest and most decisive victory on the Western Front in World War One, the Battle of Vimy Ridge, was celebrated at Sir Sam Hughes Branch of the Royal Canadian Legion in Lindsay, to honor the surviving veterans of this Battle. It is an annual dinner and each year the number decreases; now only twelve veterans who were at that battle attended. Over two hundred Legionnaires were present at the banquet and gave the twelve honoured guests a rousing welcome. The honored guests attending from this area were Mr. Walter W. Noice of Minden, Mr. Stan Cooper from Haliburton and Dr. Anderson, also from Haliburton. They were driven to Lindsay by Sylvia Sisson, the President of the Royal Canadian Legion Branch of 129 in Haliburton. It was a memorable evening and was enjoyed by all. Note: the battle occurred on April 9, 1917, but due to the 9th falling on Good Friday, the dinner was held on April 7.

Mr. and Mrs. Bud Mark spent the weekend with Mr. and Mrs. Earl Hewitt.

Mr. Porter of Oshawa spent this past weekend with his grandmother, Mrs. Lillian Porter. It was a very pleasant weekend for them.

Mrs. Vera Ward went to visit her daughter in Wilberforce for Easter.

Mr. Harry Robinson spent Easter with his daughter in Hyland Grove.

Mr. and Mrs. Mark Vasey, back from Florida, are visiting with their son Gary in Lindsay.

Dr. Agnes Jamieson, Mrs. Olga Myles and Miss Sylvia Howard returned last week from a wonderful four and one half month vacation in Hollywood, Florida. The trip home was also great, until they reached London, Ontario, where they found themselves in the midst of a great blizzard. However, they were fortunate enough to find shelter for the night close by, and continued home the

following day. Everyone is happy that they are home once more.

Mr. John Stewart of the Hyland Senior Citizens' Home will be celebrating his birthday on Wednesday, April 21. We wish him many happy returns of the day.

Don't forget the free movies to be shown in the Common Room of the Cultural Centre on Friday, April 16, which will consist of documentaries and travelogues for adults, and cartoons for children. Movies for adults will be shown from 2 - 3 p.m., and movies for children from 7:15 to 8:15 p.m.

I regret to report that Mr. Burton Mintz of Gooderham passed away last week. Our condolences to his family and friends.

Mr. and Mrs. Allan Cox and family, and Mr. and Mrs. Garth Horsley, their daughters Michele and Susan and friends, visited with Mr. and Mrs. Lyman Cox over Easter weekend.

I am very happy to report that Mr. Robert Hughes successfully underwent surgery this past week at St. Joseph's Hospital in Peterborough, and is now out of intensive care and doing well. We all wish him a speedy recovery and hope he'll soon be home again.

There was a wonderful turnout for the C-I-L Exhibit at the Agnes Jamieson Gallery in the Minden Cultural Centre last Tuesday evening. At least 70 people were there to view the paintings. The exhibit will be at the gallery until May 1, and may be seen daily from 3 to 5 p.m., and on Saturdays from 10 a.m. to 5 p.m.

Walker's Lumber Yard had a very successful auction last Saturday; the auctioneer was there until seven o'clock. The Women's Institute of St.

Paul's served lunch, and they are deeply indebted to Mr. and Mrs. Mills and Mrs. Howe for all their help.

The new Rotary Exchange Student has just arrived for a year's stay here in Minden. His name is Aloisio Cortez and he comes from Rio De Janiero in Brazil. His parents for the first three months will be Alan and Mary Coneybeare. We sincerely hope he will have a pleasant stay.

Mr. and Mrs. Keith MacIntosh visited with family at Maple Lake over the weekend.

Mr. and Mrs. Tom Stoat and son Tom of Lindsay, and Mr. and Mrs. Keith Harrison and son Kim of Oshawa, visited with Mr. and Mrs. Carl Harrison of Maple Lake over Easter weekend.

On Friday, April 23 at the Rails' End Gallery in Haliburton, Richard Sewell will give a lecture on Contemporary Canadian Painting at 7:30 p.m. Admission will be \$1.00 and refreshments will be served. All are welcome.

Fred and Neil, sons of Joyce Hewitt, and friend David Pink visited with her over the weekend. Joan and Alex Beattie visited with their respective mothers, Joyce Hewitt and Mrs. Beattie over the Easter weekend.

The A.C.W. of St. Paul's will hold a card party for their foster child on Monday, April 26 at 8 p.m. Euchre, cribbage and bridge will be played, and there will be prizes and refreshments. Admission is \$1.00. Everyone is welcome.

There was no card party this past week at St. Paul's.

Please keep in mind my new Art Class to be given at the Archie Stouffer School under the auspices of Sir Sandford Fleming College beginning on Tuesday, April 20. The class starts at 7:00 and runs to 10:00 p.m. I look forward to seeing old and new friends.

In spite of the inclement weather Easter Sunday, I do hope you all had a joyous Easter.

lines from lutterworth

by Jean Lacey

Hi! Hope everyone had a Happy Easter and the Easter Bunny was as good to you as he was to us.

The weekend started out very nice but Sunday was something else again. Never mind, by the time you are reading this, the weather should have changed for the better with higher temperatures, at least that's what they tell us. But sometimes you can't believe everything you hear and only half of what you see.

Major and Mrs. Lewis spent the Easter weekend visiting in the Ottawa area.

Richard and Doris Hubbard, from Willowdale, were up visiting in the Minden and Balsam Lake areas.

Frank and Eleanor Miles were up for the weekend and visited friends in the area.

The Minden and District Horticultural Society held their general meeting on Tuesday, April 6th at the Municipal building with a very good attendance.

The speakers were Mr. and Mrs. Leroy Brown from Lindsay. Mr. Brown spoke on pruning, general care and fertilizing of trees and bushes. Mrs. Brown showed how to make artificial flowers with garbage bags, scraps of cloth, thread and odds and ends.

The meeting was enjoyed by all, and I'd like to thank Mr. and Mrs. Brown for such an interesting evening.

Pete and Fran Learn, from

Niagara Falls, with their second granddaughter Robin, are up to their cottage for a few days.

Mike and Jeanne Cruickshank from Shelburne, with their family Jim, Michellene and Sheri, were up visiting on the weekend.

Congratulations to grandparents, Helen and Norm Lee of Minden and Fran Crawford, now of Calgary, on the new arrival of Andrew Robert, 8 lbs., 4 oz. Proud parents are Susan and Ken.

Floyd and Marg Miller entertained at the family reunion on Easter. Enjoying the visit were Leslie and Emilie Coulter of Kirkfield with children Craig and Amber, Harold and Marg with children Trudy and Tony, the Coulters from Campbell, Gerald from Toronto, Mrs. Jarvis and Mr. Angus Coulter.

Rick and Pam Dunsford and daughter Jocelyn were visiting in the area for the holiday weekend.

Hint of the Week

White rings on wooden furniture - This situation is generally caused by a warm coffee cup or a similar object. Use care and wipe away remaining liquid with slightly damp cloth. Cover the white mark with a thin layer of petroleum jelly. Rub lightly with your fingertips and allow to stand for about an hour. Polish the area with a soft cloth.

It isn't funny when the other fellow doesn't do it, he's too lazy. But when I don't do it, I'm too busy. Funny isn't it - or is it?

Kids Korner

Well, I hope that you kids enjoyed the treats the Easter Bunny left but that you didn't eat too many at once and got sick.

What goes ha, ha, ha, plop? Somebody laughing his head off

Who gets fed up with people?

A cannibal

What weighs two tons and wears a flower behind its ear? A hippiepotomus

When do ghosts have the most fun? When they're high spirited

Why do witches ride on brooms? Vacuum cleaners are too heavy

What did one ghost ask another? Do you believe in people

What do you get when you cross a little hiker with a little gossip? A walkie-talkie

What do you get when you cross a bee with a bell? A humdinger

Bye for now. Take it easy. God bless till next time.

Help us celebrate
our 5th anniversary

CARD OF THANKS

We thank our relatives and
friends for cards, gifts, phone
calls and personal visits on the
occasion of our 50th wedding
anniversary.

Thanks to the United
Church Women for providing
the delicious lunch and to
David Swail of The Minden
Times and Sue Cooper of The
Haliburton County Echo for
their kindnesses.

And thanks for the greet-
ings, certificates and plaques
from: The Governor General
of Canada, Ed Schreyer; The
Prime Minister of Canada,
Pierre Trudeau; The Right
Honourable Joe Clark, P.C.,
M.P., Leader of the
Opposition; The Lieutenant
Governor, John Aird; the
Province of Ontario and the
Honourable William G.
Davis; David Peterson,
M.P.P., Leader of the
Opposition; Bill Scott, M.P.;
John Eakins, M.P.P. and the
Warden and County Council
members of the Provisional
County of Haliburton,
presented by Doug Pritchard
Deputy-Reeve of Anson,
Hindon and Minden.

Percy and Ina Brintnell

Clare and Dorothy Walker
would like to thank each and
everyone who helped at the
auction at Walker's Lumber.

We would like to express
our sincere thanks to all of our
friends and patrons who
helped to console us during
our recent bereavement,
thankyou for the many calls,
cards, flowers, and donations
to the Kidney and Heart
Foundations.

Thankyou also to Dr.
Pierce, Mrs. Curry, Mrs.
Francis, and the ambulance
drivers in Haliburton.

Special thanks to Rev.
Elliott, Gordon and Donna
Monk and family, and to the
staff of the Renal Units at the
Wellesley Hospital in
Toronto.

Irmgard and Wendy
Homestead and family

I wish to thank, most sincere-
ly, the members of the
Minden Minor Hockey Exec-
utive who worked so well with
me this past season. I thank
also the boys who played and
the parents and all who
participated in any way.
